CARSON CITY SCHOOL DISTRICT**

**REGULATION No. 532
STUDENTS**

STUDENT USE OF VEHICLES

Board Policy No. 532 indicates that the Board of Trustees regards students' use of vehicles for the purpose of travel to and from school as an assumption of responsibility on the part of the students. Students are expected to exercise responsibility in the care of property, in the observation of traffic laws, safety rules and a display of courtesy and consideration toward others. Students may drive vehicles to school and park in designated areas in accordance to established site rules, Carson City Municipal Codes, and applicable traffic laws.

Students may park private vehicles in only those areas designated for student parking. In addition, improperly parked automobiles will be towed away at the owner's expense. Students who park in faculty parking areas, or areas designated as "No Parking," may be subject to disciplinary action. Students must purchase a parking permit which must be displayed on the vehicle when parked at the school during regular school hours.

Observances of automobile and pedestrian safety rules and traffic laws are extremely important. Students who violate the rules for safe driving on school grounds may be denied parking privileges or have their privileges revoked.

The District will not be responsible for vehicles or items in vehicles which are lost, stolen or damaged.
