

**BOARD OF TRUSTEES
CARSON CITY SCHOOL DISTRICT**

**POLICY No. 319
CERTIFIED STAFF**

PRIVATE PRACTICE OF CERTIFIED PERSONNEL

The Board recognizes that certified personnel may engage in the private practice of their professional skills, provided that such practice does not interfere with their performance of school district duties. Such private practice or therapy may be conducted on days when school is not in session and, on school days, only before 8:00 am and after 4:00 pm, or, where these hours do not coincide with the schedule of the employee's work or teaching activity, before or after the assigned daily hourly schedule. School facilities or materials may not be used in the conduct of private practice or therapy.

The solicitation of private practice from school sources of any kind is prohibited. Parents or guardians should be made aware of the availability of other sources, especially of those state agencies or volunteer programs which are free of charge.

The Superintendent shall be notified of the number and names of those being given private practice of therapy by certified employees of this district.
